

Araldite® (ARA400001)

Standard Epoxy 2 x 15ml Tubes

The Araldite Standard Epoxy is a strong, solvent-free adhesive suitable for all materials, ideal for durable bonding and repairs. Perfect for complicated jobs which require adjustment thanks to a long 'working time'. It has a long working time with parts positionable for around 80 minutes, so is ideal for projects and complicated heavy-duty work on metals, wood, masonry, ceramics, glass, dry concrete, chipboard, leather, card, fabrics, rubber and many plastics. It achieves a full ultra-strong bond in around 14 hours and when used in line with the instructions printed on the pack will give you dependable, long-lasting results. Bonds metal, wood, masonry, ceramics, glass, dry concrete, chipboard, leather, cardboard, fabric, rubber and most plastics (except polyethylene, polypropylene, Teflon). 2-component epoxy with long 'working time'. Parts repositionable for 80 minutes. Oil, chemical and impact resistant. High temperature resistance (-30 C to 80 C). Withstands rough handling. Do not use to repair or bond items that will contact food or drink.
